

## Learning Opportunities in the Unit

### Students will learn...

- about space travel and space missions in the context of a video game;
- the names of the nine planets in our solar system.

### Students will review...

- possessive adjectives;
- adverbs;
- conjunctions;
- the imperative;
- regular and irregular verbs;
- how to use dictionary skills to determine meaning of unknown words.

### Students will...

- discuss their favourite video games;
- discuss their favourite leisure activities;
- work in groups to write, illustrate and present an original comic strip using sentences provided;
- work with a partner to write, illustrate and present a comic strip ending to the reading selection in the text.

## Language

### Re-entry of...

- possessive adjectives;
- adverbs;
- conjunctions;
- the imperative;
- regular and irregular verbs.
